

## Kid Spark Education Warranty

Kid Spark Education products are manufactured to meet stringent requirements for quality, durability, reliability and safety. All products are warranted against defects in material and workmanship for a period of six months from the date of original purchase when used under normal operating conditions.

During this period, should the product fail to perform properly, Kid Spark Education will at its discretion, either repair or replace it. Such repair or replacement shall be free of charge only upon presentation of a sales receipt with proof-of-purchase date.

Call or email Kid Spark Education prior to returning any product for warranty repair. The purchaser is responsible for shipping the product to Kid Spark Education and for all associated freight and insurance costs in connection with such shipping. Kid Spark Education will incur the cost of shipping the repaired or replaced item to you in the United States or Canada.

This warranty is void if the owner repairs or modifies the product in any way before shipping it to Kid Spark Education and does not cover damage or injury resulting from unreasonable use, unauthorized repairs, improper care and storage, or out-of-warranty service. This warranty also excludes any liability other than that expressly stated above, and expressly excluded any incidental or consequential damages except for those states or countries that allow incidental or consequential damages.
